FAIRFAX AUTOISTS IN CITY TUESDAY

About fifteen automobiles filled with the leading business men of Fairfax and the band of that town came to Maryville Tuesday afternoon, arriving in the city about 4 o'clock, for the purpose of advertising the Fairfax fall festivities to be held on September 13, 14 and 15. That they advertised their festivities in Maryville no one can deny.

Several numbers were given by the Fairfax band on Main street, in front of the court house. Then James Stokes of Craig, a son of Colonel John Stokes, spoke about what is going to be doing at the Fairfax fall festivities, telling about the automobile parade, the historical parade, base ball games, riding and driving tournament, stock and poultry show, and many other events that will come off there during the three day event.

The party had left Fairfax Tuesday morning and traveled during the day to Craig, Corning, Bigelow, Mound City, Forest City, Oregon, Maitland and Graham. From Maryville the autoists went to Skidmore, and from Skidmore back to Fairfax.

George Prettyman, president of the Festivities association of Fairfax and J. B. Johnston, editor of the Fairfax Forum, were in the party.

The autoists were taken about the city and shown the Normal building before they left for their next stop at Skidmore.

OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical company of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days' treatment will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

CURED TO STAY CURED.

How a Maryville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures.

Maryville people testify.

Here's one case of it:

I. M. Woods, East Jenkins street, Maryville, Mo., says: "For some time kidney trouble had been lurking in my system, and although it did not bother me to any extent, I could see that the attacks were becoming more frequent and severe. Finally my kidneys became so badly disordered that I was obliged to seek relief. The kidney secretions were unnatural and so irregular in passage as to annoy me greatly. I also had a pain in my back and could hardly stoop. Dizzy spells and headaches were common, and I was in a miserable condition when I learned of Doan's Kidney Pills. I began their use, and after I had taken the contents of three boxes I was free from kidney trouble." (Statement given in 1901.)

Time is the Test.

On September 19, 1908, Mr. Wood added to the above: "The cure Doan's Kidney Pills effected in my case several years ago has been permanent. I am glad to again recommend this splendid remedy."

For sale by all dealers. Price 50 cents. Foster-McIlburn & Co., Buffalo, New York, sole agents for the United States.

PIANO PUBLICITY

Maryville Approves

When I started running these personal signed talks on Piano Publicity, I hoped the people of Maryville would receive them with a fair degree of interest—would credit my sincerity—would recognize the ring of the true metal.

They have done so—have shown their approval in many ways—by visiting us—buying pianos and Victors, and saying complimentary things about the store, and about the articles.

This is very gratifying to me—so much so that I shall run these talks in the St. Louis papers. I believe the St. Louis people will also appreciate the signed AD.

Have you read the other, earlier portions of this series of chats? I want you to—I want you to send to us for copies of them if you have misplaced earlier papers, beginning with August 29th.

If you have a piano now, you are just as interested—or should be—in this piano talk as others who do not own instruments—because to you I want to present the wonderful claims of our player piano and talking machine departments.

The talking machine—by the way—is nothing like the scratchy, rasping phonograph with which most people are familiar—the new generation of voice and music reproducing devices is as far ahead of the old kind as the automobile is in advance of the rickety, springless discarded cart.

The Victor Talking Machine of today is a wizard! It takes in the great voice of Melba, Caruso, Sousa's unsurpassed band, listens to the funny jokes of \$2,500 per week vaudeville kings, steps in at a great cathedral and listens to the Hayden Quartette sing "Lead Kindly Light."

AND THEN IT COMES INTO YOUR HOME AND FOR THE PRICE OF A FEW RECORDS IT REPRODUCES ALL OF THESE FOR YOU.

An evening's entertainment in your own parlor may include songs by the greatest golden voiced singers in the world, music by bands and orchestras that will still the heart with rapture or set blood tingling with intense patriotism and keen delight, comic stories, plaintive recitations, speeches by famous men and women—in fact, you have thrown open to you the door to the world of sound in every form and fancy.

And the machine that will give you all this pleasure can be had in various styles at prices ranging from \$25 for the most modest model to \$200—the price of the Victrola—an elegant combination of beautiful cabinet construction—talking machine perfection and decorative design.

If you will come to the store at 120 West Third street, Maryville, I will promise you that you will not only be entertained with a concert on the Victor Talking machines—with your own favorite pieces reproduced for you—but I also promise that you will find in that store one of the most complete stocks of pianos, player pianos and talking machines found in any city outside of larger centers. We will enjoy your call.

The buying power of this great house of ours assures the lowest price in America on all instruments sold by us.

IT IS NOT AN UNUSUAL THING FOR US TO MAKE CONTRACTS FOR HUNDREDS OF PIANOS AND OTHER INSTRUMENTS OF ONE MAKE AND WE HAVE TAKEN AS HIGH AS TWO THOUSAND PIANOS PER YEAR FROM ONE MAKER ALONE.

That tells the story of our chain-of-stores-system.

It means that we can save money for every purchaser and give him better service—and I use this word SERVICE here with a proper idea of it's broad meaning as applied to commercial affairs.

By service I mean the interest we take in whatever we sell you after it is delivered to you—the kind of interest that keeps us on the alert to see that you stay SATISFIED with anything you buy here.

There is food for deep thought in that last paragraph—let it sink in and when you get an early chance come in or write and get information about the Victor Talking Machine with the world of rare records now made by the Victor Company.

Sincerely yours,

J. B. Morrison

RAVENWOOD.

The Ravenwood seventh annual picnic is now numbered with the things of the past. The attendance on Friday and Saturday was unusually large. The order about the grounds was good, but it is said there was some parties intoxicated down in town. I suppose there was some boot-legging going on. It is hoped the prosecuting attorney will get sufficient evidence to punish the guilty.

There were a number of contests both Friday and Saturday, beginning with pony contest, ladies' riding contest, draft mare contest, draft colt contest, draft team contest, double driving contest, mule team contest, mule colt contest, potato race, and closing with baby contest. In this last there were some twenty-seven entries and would have been more but they ran short of premiums. There were still plenty of babies. Those that saw these babies expressed no fears for the future generation.

The oratory on Friday was furnished by George Pat Wright and J. M. Dawson.

The Ad Club quartet from St. Joseph furnished both solemn and amusing music. The Ravenwood boys, by the assistance of the Parnell boys, furnished fine band music.

Our Saturday orators were B. R. Martin and a gentleman in the place of Congressman Booher. These talks were necessarily short but good.

The exercises both days were interspersed by quartets and solos by home talent.

We had enough rain Saturday night to lay the dust.

Ravenwood high school opened today (Monday) with the same teachers as last year.

UNION LEADERS IN CONFERENCE

Shopmen on Illinois Central Consider Ultimatum of Markham.

NINE CRAFTS REPRESENTED.

Renewed Attempt Made to Find a Way Out of the Difficulty Without the Calling of a Strike—Meeting Behind Closed Doors.

Chicago, Sept. 6.—The representatives of the international unions of Illinois Central employees went into conference to consider the refusal of President Markham to meet officials of the shopmen's federation.

The crafts participating in the meeting were the machinists, boilermakers and helpers, carmen, blacksmiths and helpers, steamfitters, painters, sheet metal workers, federation of miscellaneous workers and the railway clerks.

Secretary W. F. Kramer of the International Blacksmiths' and Helpers' union presided at the conference.

The apparent crisis was brought about by a communication sent to W. F. Kramer, secretary of the Blacksmiths' and Helpers' union, by President C. H. Markham of the road refusing to grant an audience to the federation representatives. President Markham also made it plain that he would not recognize the federation.

Despite the fact that the letter apparently left the union men the alternative of calling a strike or receding from their demands, both President J. E. McCreery of the federation and Secretary Kramer asserted that they still had hopes that an amicable adjustment might be reached.

Chairman Kramer said: "We spent the morning discussing the letter of President Markham of the Illinois Central and reached no decision. We will take no hasty action. We realize the seriousness of the situation and know what a strike means. We will endeavor to remain in session until some decision is reached."

President McCreery of the Federation of Illinois Central Railroad Employees said: "While I am not a member of this international committee meeting today in Chicago, I believe the situation has come to a point where decisive action must be taken without further delay."

The reply sent to the ultimatum of President Markham contained another strike threat, concluding as follows:

"Until equality is recognized, justice cannot manifest itself, and should your attitude be persisted in, such trouble as may result will not be the union's desire, but the seeking of your self and those whose interests you represent. There are too many people teaching details of conduct who do not even understand first principles."

Beverly, Mass., Sept. 6.—The route along which President Taft will thread his way for 13,000 miles in a tour of the west definitely was mapped out. The line runs through twenty-four states, while more than 100 cities are dotted with red, showing pauses for speeches on tariff, reciprocity, arbitration, conservation and Alaska.

Celebrated Nunally's Fine Candies

CHAS. LOVE
South Side Square, Maryville

Say, Have You Ever

Bought any coal from Frank G. Shoemaker and had it delivered with the big white wagon? Those white wagons don't make a bad appearance on the streets of the city do they? And the horses look like they had enough to eat too. So do the drivers. The scales and yards are kept up in the same way, and that system of doing business makes it a legitimate mercantile business, like any other business of the city, and worthy of your patronage if prices and coals are right, and they are—because I am behind every pound of coal sold. If it is not right I will see that all is satisfactory or money refunded. Let me figure with you for your winter coal.

Yours truly,

F. G. SHOEMAKER, Sr.

FAIRFAX AUTOISTS IN CITY TUESDAY

About fifteen automobiles filled with the leading business men of Fairfax and the band of that town came to Maryville Tuesday afternoon, arriving in the city about 4 o'clock, for the purpose of advertising the Fairfax fall festivities to be held on September 13, 14 and 15. That they advertised their festivities in Maryville no one can deny.

Several numbers were given by the Fairfax band on Main street, in front of the court house. Then James Stokes of Craig, a son of Colonel John Stokes, spoke about what is going to be doing at the Fairfax fall festivities, telling about the automobile parade, the historical parade, base ball games, riding and driving tournament, stock and poultry show, and many other events that will come off there during the three day event.

The party had left Fairfax Tuesday morning and traveled during the day to Craig, Corning, Bigelow, Mound City, Forest City, Oregon, Maitland and Graham. From Maryville the autoists went to Skidmore, and from Skidmore back to Fairfax.

George Prettyman, president of the Festivities association of Fairfax and J. B. Johnston, editor of the Fairfax Forum, were in the party.

The autoists were taken about the city and shown the Normal building before they left for their next stop at Skidmore.

Not ANY Glasses

Don't forget that there ARE Glasses that will do your eyes more harm than good.

The lenses for YOU must be ground to your measure, just the same as a druggist puts up a prescription.

Glasses chosen in any other way are a positive danger.

This point cannot be given too much emphasis.

CRANE'S

OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical company of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days' treatment will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

CURED TO STAY CURED.

How a Maryville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures.

Maryville people testify.

Here's one case of it:

L. M. Woods, East Jenkins street, Maryville, Mo., says: "For some time kidney trouble had been lurking in my system, and although it did not bother me to any extent, I could see that the attacks were becoming more frequent and severe. Finally my kidneys became so badly disordered that I was obliged to seek relief. The kidney secretions were unnatural and so irregular in passage as to annoy me greatly. I also had a pain in my back and could hardly stoop. Dizzy spells and headaches were common, and I was in a miserable condition when I learned of Doan's Kidney Pills. I began their use, and after I had taken the contents of three boxes I was free from kidney trouble." (Statement given in 1901.)

Time is the Test.

On September 19, 1908, Mr. Wood added to the above: "The cure Doan's Kidney Pills effected in my case several years ago has been permanent. I am glad to again recommend this splendid remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn & Co., Buffalo, New York, sole agents for the United States.

PIANO PUBLICITY

Maryville Approves

When I started running these personal signed talks on Piano Publicity, I hoped the people of Maryville would receive them with a fair degree of interest—would credit my sincerity—would recognize the ring of the true metal.

They have done so—have shown their approval in many ways—by visiting us—buying pianos and Victors, and saying complimentary things about the store, and about the articles.

This is very gratifying to me—so much so that I shall run these talks in the St. Louis papers. I believe the St. Louis people will also appreciate the signed AD.

Have you read the other, earlier portions of this series of chats? I want you to—I want you to send to us for copies of them if you have misplaced earlier papers, beginning with August 29th.

If you have a piano now, you are just as interested—or should be—in this piano talk as others who do not own instruments—because to you I want to present the wonderful claims of our player piano and talking machine departments.

The talking machine—by the way—is nothing like the scratchy, rasping phonograph with which most people are familiar—the new generation of voice and music reproducing devices is as far ahead of the old kind as the automobile is in advance of the rickety, springless discarded cart.

The Victor Talking Machine of today is a wizard! It takes in the great voice of Melba, Caruso, Sousa's unsurpassed band, listens to the funny jokes of \$2,500 per week vaudeville kings, steps in at a great cathedral and listens to the Hayden Quartette sing "Lead Kindly Light."

AND THEN IT COMES INTO YOUR HOME AND FOR THE PRICE OF A FEW RECORDS IT REPRODUCES ALL OF THESE FOR YOU.

An evening's entertainment in your own parlor may include songs by the greatest golden voiced singers in the world, music by bands and orchestras that will still the heart with rapture or set blood tingling with intense patriotism and keen delight, comic stories, plaintive recitations, speeches by famous men and women—in fact, you have thrown open to you the door to the world of sound in every form and fancy.

And the machine that will give you all this pleasure can be had in various styles at prices ranging from \$25 for the most modest model to \$200—the price of the Victrola—an elegant combination of beautiful cabinet construction—talking machine perfection and decorative design.

If you will come to the store at 120 West Third street, Maryville, I will promise you that you will not only be entertained with a concert on the Victor Talking machines—with your own favorite pieces reproduced for you—but I also promise that you will find in that store one of the most complete stocks of pianos, player pianos and talking machines found in any city outside of larger centers. We will enjoy your call.

The buying power of this great house of ours assures the lowest price in America on all instruments sold by us.

IT IS NOT AN UNUSUAL THING FOR US TO MAKE CONTRACTS FOR HUNDREDS OF PIANOS AND OTHER INSTRUMENTS OF ONE MAKE AND WE HAVE TAKEN AS HIGH AS TWO THOUSAND PIANOS PER YEAR FROM ONE MAKER ALONE.

That tells the story of our chain-of-stores-system.

It means that we can save money for every purchaser and give him better service—and I use this word SERVICE here with a proper idea of it's broad meaning as applied to commercial affairs.

By service I mean the interest we take in whatever we sell you after it is delivered to you—the kind of interest that keeps us on the alert to see that you stay SATISFIED with anything you buy here.

There is food for deep thought in that last paragraph—let it sink in and when you get an early chance come in or write and get information about the Victor Talking Machine with the world of rare records now made by the Victor Company.

Sincerely yours,

Jesse French

RAVENWOOD.

The Ravenwood seventh annual picnic is now numbered with the things of the past. The attendance on Friday and Saturday was unusually large. The order about the grounds was good, but it is said there was some parties intoxicated down in town. I suppose there was some boot-legging going on. It is hoped the prosecuting attorney will get sufficient evidence to punish the guilty.

There were a number of contests both Friday and Saturday, beginning with pony contest, ladies' riding contest, draft mare contest, draft colt contest, draft team contest, double driving contest, mule team contest, mule colt contest, potato race, and closing with baby contest. In this last there were some twenty-seven entries and would have been more but they ran short of premiums. There were still plenty of babies. Those that saw these babies expressed no fears for the future generation.

The oratory on Friday was fur-

nished by George Pat Wright and J. M. Dawson.

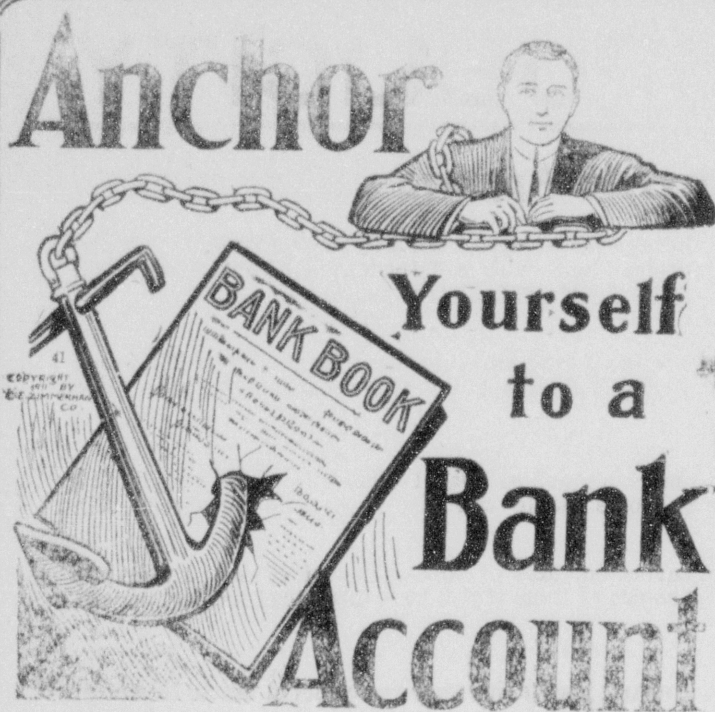

The Ad Club quartet from St. Joseph furnished both solemn and amusing music. The Ravenwood boys, by the assistance of the Parnell boys, furnished fine band music.

Our Saturday orators were B. R. Martin and a gentleman in the place of Congressman Booher. These talks were necessarily short but good.

The exercises both days were interspersed by quartets and solos by home talent.

We had enough rain Saturday night to lay the dust.

Ravenwood high school opened today (Monday) with the same teachers as last year.

UNION LEADERS IN CONFERENCE

Shopmen on Illinois Central Consider Ultimatum of Markham.

NINE CRAFTS REPRESENTED.

Renewed Attempt Made to Find a Way Out of the Difficulty Without the Calling of a Strike—Meeting Behind Closed Doors.

Chicago, Sept. 6.—The representatives of the international unions of Illinois Central employees went into conference to consider the refusal of President Markham to meet officials of the shopmen's federation.

The crafts participating in the meeting were the machinists, boilermakers and helpers, carmen, blacksmiths and helpers, steamfitters, painters, sheet metal workers, federation of miscellaneous workers and the railway clerks.

Secretary W. F. Kramer of the International Blacksmiths' and Helpers' union presided at the conference.

The apparent crisis was brought about by a communication sent to W. P. Kramer, secretary of the Blacksmiths' and Helpers' union, by President C. H. Markham of the road refusing to grant an audience to the federation representatives.

President Markham also made it plain that he would not recognize the federation.

Despite the fact that the letter apparently left the union men the alternative of calling a strike or receding from their demands, both President J. P. McCreery of the federation and Secretary Kramer asserted that they still had hopes that an amicable adjustment might be reached.

Chairman Kramer said: "We spent the morning discussing the letter of President Markham of the Illinois Central and reached no decision. We will take no hasty action. We realize the seriousness of the situation and know what a strike means. We will endeavor to remain in session until some decision is reached."

President McCreery of the Federation of Illinois Central Railroad Employees said: "While I am not a member of this international committee meeting today in Chicago, I believe the situation has come to a point where decisive action must be taken without further delay."

The reply sent to the ultimatum of President Markham contained another strike threat, concluding as follows: "Until equality is recognized, justice cannot manifest itself, and should your attitude be persisted in, such trouble as may result will not be the union's desire, but the seeking of your self and those whose interests you represent. There are too many people teaching details of conduct who do not even understand first principles."

TAFT'S ITINERARY IS GIVEN OUT

President Will Make Speeches in More Than 100 Cities.

WILL LEAVE ON SEPTEMBER 15

Executive's Route Leads Into Michigan, Illinois, Missouri, Kansas, Iowa, Nebraska, South Dakota and California—Longest Jump 882 Miles.

Beverly, Mass., Sept. 6.—The route along which President Taft will thread his way for 13,000 miles in a tour of the west definitely was mapped out. The line runs through twenty-four states, while more than 100 cities are dotted with red, showing pauses for speeches on tariff, reciprocity, arbitration, conservation and Alaska.

The president's trip will start from Boston on Sept. 15, and finish at Washington on Nov. 1, in time to hear the verdict from some of the states in the election six days later.

The president will head straight for Michigan, pausing only a day or two in New York and Pennsylvania. From Michigan the route leads into Illinois and then through Missouri, Kansas, Iowa, Nebraska, Colorado, Wyoming, Utah, Idaho, Washington, Oregon, California, Montana, South Dakota, Minnesota, Wisconsin and finally to Chicago, Pittsburgh and Washington. In five states he will make no stops.

The longest jump on the trip is 882 miles from Los Angeles to Salt Lake. The president will seldom go more than twenty or thirty miles without stopping to say a word either at some hall or from the rear platform of his car.

It is expected that several million persons will hear the president's voice, or at least catch a glimpse of the president's smile.

JUDGE TO ENFORCE ORDER
Restaurateur in Contempt Because He Did Not Extend Chimney.

Des Moines, Sept. 6.—Orders citing them to appear for contempt of court have been issued by Judge De Graff against Ollie H. Meyer, proprietor of the Chicago Grill, and Jane Munger, owner of the building in which the restaurant is located. Judge De Graff issued an injunction against the Chicago Grill because odors of fried liver and onions from the restaurant were a nuisance to tenants of the Iowa Loan and Trust building. The proprietor of the grill was ordered to extend the chimney of the kitchen up above the building pestered by the smells. The chimney has not been extended and now the contempt order has been issued.

Say, Have You Ever

Bought any coal from Frank G. Shoemaker and had it delivered with the big white wagon? Those white wagons don't make a bad appearance on the streets of the city do they? And the horses look like they had enough to eat too. So do the drivers. The scales and yards are kept up in the same way, and that system of doing business makes it a legitimate mercantile business, like any other business of the city, and worthy of your patronage if prices and coals are right, and they are—because I am behind every pound of coal sold. If it is not right I will see that all is satisfactory or money refunded. Let me figure with you for your winter coal.

Yours truly,

F. G. SHOEMAKER, Sr.
